

# Basic Writings Of Existentialism

Basic Writings Of Existentialism Confronting the Absurd A DataDriven Dive into the Basic Writings of Existentialism Existentialism a philosophical movement emphasizing individual existence freedom and responsibility might seem like a dusty relic of the past However a closer look reveals its surprising relevance in the 21st century resonating with current trends in selfhelp mindfulness and even business strategy This datadriven exploration delves into the core texts of existentialism highlighting their enduring impact and offering unique perspectives on their contemporary applications Data Point 1 Google Trends reveals a steady albeit fluctuating interest in existentialist thinkers like Sartre Camus and Kierkegaard This suggests a persistent if not always prominent engagement with these foundational texts The spikes often coincide with periods of societal upheaval or uncertainty indicating a renewed search for meaning in times of crisis This aligns with the core existentialist premise confronting absurdity is a fundamental human experience intensified during periods of instability The Core Texts and Their Contemporary Relevance Several key texts form the bedrock of existentialist thought Being and Nothingness by JeanPaul Sartre The Myth of Sisyphus by Albert Camus and Fear and Trembling by Sren Kierkegaard represent different facets of the movement each offering unique insights Sartres Being and Nothingness This dense philosophical treatise explores the concept of existence precedes essence arguing that humans are born without a predefined purpose and are therefore free to create their own meaning This resonates with the growing popularity of selfauthoring programs and the choose your own adventure mentality prevalent in selfhelp literature As Dr Emily Carter Professor of Philosophy at the University of California Berkeley states Sartres emphasis on radical freedom while daunting empowers individuals to take ownership of their lives a concept widely embraced in contemporary selfimprovement narratives Camuss The Myth of Sisyphus This essay confronts the absurdity of existence headon Sisyphus condemned to eternally roll a boulder uphill only to watch it fall becomes a metaphor for the human condition Camus argues that recognizing this absurdity rather than avoiding it is the path to authentic living This aligns with the mindfulness movements focus 2 on accepting difficult emotions and experiences Recent studies in positive psychology show that acceptance of challenging situations leads to increased wellbeing The data speaks volumes mindfulness apps have seen exponential growth in downloads mirroring a societal need to grapple with existential anxieties Kierkegaards Fear and Trembling This work explores faith and the ethical implications of belief in a seemingly absurd God It grapples with the conflict between the individuals subjective experience and objective reality This resonates with contemporary debates on religious belief in a secular world

challenging individuals to reconcile personal faith with broader societal norms. The rise of personalized spirituality and the diversification of religious practices suggest a growing need for frameworks that address individual existential anxieties within a faith context.

### Case Study: Existentialism in Business Strategy

Surprisingly, existentialist principles are finding applications in the business world. Companies are increasingly adopting strategies that focus on purpose-driven leadership, emphasizing the importance of creating a shared meaning and fostering a sense of individual agency among employees. A study by McKinsey Company showed that companies with a strong sense of purpose experience higher employee engagement and profitability. This mirrors Camus's assertion that finding meaning in work, even within seemingly meaningless tasks, can be a powerful antidote to existential dread. The focus on employee wellbeing and work-life balance, increasingly prevalent in modern corporate culture, also reflects a growing awareness of the human need for authenticity and self-determination, core tenets of existentialism.

### Data Point 2: Sales data for books on existentialism

show a slight increase in recent years, particularly among younger readers. This indicates a growing interest in exploring these philosophical concepts among a demographic increasingly grappling with issues like climate change, economic uncertainty, and social justice. This suggests a renewed relevance for existentialist thought in a world facing unprecedented challenges.

### Beyond the Books: Engaging with Existentialism Today

Engaging with the basic writings of existentialism requires patience and intellectual honesty. It's not about finding easy answers but about confronting uncomfortable questions. The core concepts, however, remain surprisingly practical. By embracing the responsibility of choice, accepting the absurdity of life, and creating our own meaning, we can navigate the complexities of the 21st century with greater clarity and purpose.

### Call to Action

Don't just passively consume information. Engage actively with existentialist thought. Start with one core text, reflect on its ideas, and apply its principles to your own life. Join a book club dedicated to existentialist literature, participate in philosophical discussions, and explore the many contemporary applications of these enduring ideas.

### Thought-Provoking FAQs

1. Is existentialism inherently pessimistic? Not necessarily. While it confronts the absurdity of existence, it also emphasizes the freedom and responsibility that accompany this realization. This freedom can be empowering.
2. How can existentialism help me make career choices? By focusing on your values and authentic self, you can choose a career path aligned with your deepest sense of purpose, rather than solely driven by societal expectations or financial gain.
3. Can existentialism help with relationships? Understanding that others, like ourselves, are creating their own meaning encourages empathy and fosters more authentic connections.
4. Is existentialism relevant in a technological age? More than ever. Technology accelerates change, creating new anxieties and requiring a constant reevaluation of our values and purposes.
5. What if I find existentialism too challenging? Start slowly. Explore introductory materials and engage with the ideas at your own pace. The journey of self-discovery is a personal one. Don't be afraid to seek support from others on this path.

edited and with an introduction by gordon marino basic writings of existentialism unique to the modern library presents the writings of key nineteenth and twentieth century thinkers broadly united by their belief that because life has no inherent meaning humans can discover we must determine meaning for ourselves this anthology brings together into one volume the most influential and commonly taught works of existentialism contributors include simone de beauvoir albert camus fyodor dostoevsky ralph ellison martin heidegger søren kierkegaard friedrich nietzsche jean paul sartre and miguel de unamuno y jugo

a meridan book

this first collection of sartre s key philosophical writings provides an indispensable resource for all students and readers of his work which has been extremely influential in philosophy literature and politics

an invaluable source for undergraduate courses in continental philosophy giovanna

borradori vassar college

there are already many excellent books on existentialism some of them deal with particular problem or particular existentialist writers most of those that deal with existentialism as a whole divide their subject matter according to authors presenting chapters on kierkegaard heidegger sartre and the rest thus i think that there is room for the present book which attempts a comprehensive examination and evaluation of existentialism but does so by thematic treatment that is to say each chapter deals with a major theme of existentialist philosophy and these themes are arranged in the order of the existential dialect of course each chapter is illustrated with material from the writings of existentialists from kierkegaard to camus

collected here for the first time in one volume are iris murdoch s most influential essays including her influential critiques of existentialism written in the 50s and her two platonic dialogues on art and religion plus key texts on the continuing importance of the sublime the concept of love and literature s role in curing the ills of philosophy

a collection of essays by jean paul sartre that touch upon the subject of existentialism by looking at aesthetics emotions writing phenomenology and perception the philosophy of existentialism collects representative essays on jean paul sartre s pioneering subject existentialism beginning with a thoughtful introduction by fellow french philosopher jean wahl this work looks at existentialism through several lenses exploring topics such as the emotions imagination nothingness freedom responsibility and the desire to be god by providing exposition on a variety of subjects the philosophy of existentialism is a valuable introduction to sartre s ideas

a collection of one man s essays in book form tends to be viewed today with some suspicion if not hostility by philosophical critics it would seem that the author is guilty of an academic sin of pride causing or helping to cause separately conceived articles to surpass their original station and assume a new life a grander articulation it can hardly be denied that the essays which follow must face this sullen charge for they were composed at different times for different sorts of audiences and for the most part have already been published their appearance in a new form will not allay commonplace criticisms there are repetitions certain key terms are defined and defined again in various places a few quotations reappear and beyond this the essays are unequal in range depth and fundamental intent but it is what brings these essays together that constitutes i trust their collective merit underlying the special arguments that are to be found in each of the chapters is a particular sense of reality not a thesis or a theory but rather a way of seeing the world and of appreciating its texture and design it is that sense of reality that i should like to speak of here philosophy stands in a paradoxical relationship to mundane existence it is at once its critique and one of its possibilities

jean paul sartre is an undisputed giant of twentieth century philosophy his intellectual writings popularizing existentialism combined with his creative and artistic flair have made him a legend of french thought his tumultuous personal life so inextricably bound up with his philosophical thinking is a fascinating tale of love and lust drug abuse high profile fallings out and political and cultural rebellion this substantial and meticulously researched biography is accessible fast paced often amusing and at times deeply moving existentialism and excess covers all the main events of sartre s remarkable seventy five year life from his early years as a precocious brat devouring his grandfather s library through his time as a brilliant student in paris his wilderness years as a provincial teacher writer experimenting with mescaline his world war ii adventures as a pow and member of the resistance his post war politicization his immense amphetamine fueled feats of writing productivity his harem of women his many travels and his final decline into blindness and old age along the way there are countless intriguing anecdotes some amusing some tragic some controversial his loathing of crustaceans and his belief that he was being pursued by a giant lobster his escape from a pow camp the bombing of his apartment his influence on the may 1968 uprising and his many love affairs cox deftly moves from these episodes to discussing his intellectual development his famous feuds with aron camus and merleau ponty his encounters with other giant figures of his day roosevelt hemingway heidegger john huston mao castro che guevara khrushchev and tito and above all his long complex and creative relationship with simone de beauvoir existentialism and excess also gives serious consideration to sartre s ideas and many philosophical works novels stories plays and biographies revealing their intimate connection with his personal life cox has written an entertaining thought provoking and compulsive book much like the man himself

the existentialist legacy and other essays on philosophy and religion is a collection of ten essays on topics in the two primary areas of the author s research and teaching existentialist philosophy and the philosophy of religion the common thread running through the essays is a way of approaching issues in philosophy and religion that reflects the author s career long indebtedness to the methods and emphases of the existentialist movement in philosophy among the essay topics are studies of the existentialist legacy in the context of the contemporary situation in the sciences and humanities iris murdoch s sympathetic but narrowly sartrian interpretation of existentialism the congeniality of existentialism and feminism the problem with high existentialist doctrines of freedom three philosophical autobiographies a new look at pascal s wager as a description of the situation of the modern believer theistic evolutionism including a christian existentialism and walter kaufmann as an existentialist manqué in his heretical approach to religion

the introduction gives the background of modern american drama which is a kind of slow evolution and has taken place in the form of an amalgamation of various schools it presents the gradual growth of the american dramatic literature right from eugene o

neill up to edward albee this chapter includes the dramatists like eugene o neill maxwell anderson robert sherwood lillian hellman clifford odets philip barry tennessee williams arthur miller and edward albee in order to have an understanding of the overall development of the american dramatic literature in february 1915 an enthusiastic group of young amateurs calling themselves the washington square players waved a solemn manifesto in the face of new york drama critics they opened the band box theatre near the corner of 57th street and third avenue just a year and a half later another group equally young and enthusiastic took possession of a stable in macdougall street to be known thereafter as the province town theatre the dramatists of the washington square players were more influenced by ibsen shaw and maeterlinck whereas that of the province town group happened to accept eugene o neill as their torch bearer

introduction by peter gay translated and edited by walter kaufmann commentary by martin heidegger albert camus and gilles deleuze one hundred years after his death friedrich nietzsche remains the most influential philosopher of the modern era basic writings of nietzsche gathers the complete texts of five of nietzsche s most important works from his first book to his last the birth of tragedy beyond good and evil on the genealogy of morals the case of wagner and ecce homo edited and translated by the great nietzsche scholar walter kaufmann this volume also features seventy five aphorisms selections from nietzsche s correspondence and variants from drafts for ecce homo it is a definitive guide to the full range of nietzsche s thought includes a modern library reading group guide

have you ever wondered what the phrase god is dead means you ll find out in existentialism for dummies a handy guide to nietzsche sartre and kierkegaard s favorite philosophy see how existentialist ideas have influenced everything from film and literature to world events and discover whether or not existentialism is still relevant today you ll find an introduction to existentialism and understand how it fits into the history of philosophy this insightful guide will expose you to existentialism s ideas about the absurdity of life and the ways that existentialism guides politics solidarity and respect for others there s even a section on religious existentialism you ll be able to review key existential themes and writings find out how to trace the influence of existentialism distinguish each philosopher s specific ideas explain what it means to say that god is dead see culture through an existentialist lens understand the existentialist notion of time finitude and death navigate the absurdity of life master the art of individuality complete with lists of the ten greatest existential films ten great existential aphorisms and ten common misconceptions about existentialism existentialism for dummies is your one stop guide to a very influential school of thought

heidegger sartre and the later existentialist philosophers inherited a world it has been said from which god is absent contemporary philosophy begins in the momentous

questioning of the christian experience by such nineteenth century figures as nietzsche and dostoyevsky but if existentialism is in some respects a beginning again it is in other respects linked to the classical world out of which christianity arose and to certain themes in the writings of ancient and medieval christians renewal and innovation converge addressing themselves to the general reader the three author philosophers consider both the contemporary and the perennial book jacket
